# *V<sup>th</sup> International Conference on Molecular Materials*

*Barcelona, 3-6 July, 2012*

*2<sup>nd</sup> Announcement*

## WELCOME!!

The organizing Committee has the pleasure to invite you to MOLMAT 2012, that will be held in Barcelona (SPAIN) on July 3-6, 2012.

The meeting is organized every two years and was originally conceived and entertained by the French scientific community.

Since its size and international dimension has not ceased to increase, the Permanent Board of the MOLMAT has perceived that the time is ripe to provide this meeting with its true transnational character by making it migrate to different countries. Barcelona is the first milestone in this new path, which should take this event to the level of the largest meetings on the physics and chemistry of materials.

## TREND TOPICS

ELECTRONIC MOLECULAR MATERIALS  
MAGNETIC MOLECULAR MATERIALS  
MOLECULAR NANOMATERIALS  
AND BIOMATERIALS  
OPTIC MOLECULAR MATERIALS  
POROUS MOLECULAR MATERIALS  
SIMULATION AND COMPUTATIONAL MODELING  
SURFACE SCIENCE
